March 2018 Newsletter

Let me tell you about Anna and Gretchen...

Anna and her mother, Gretchen, both live in Colorado Springs.

When it came time for Gretchen to move to a local memory care community, Anna, as her mother's agent under the Financial Power of Attorney, was left in charge of selling Gretchen's house.

Anna is capable and available to take on this task, but she just didn't know where to start.

After providing Anna with a free consultation at the house, we were able to put a timeline and plan together for her to clear all of the personal property in the home, make the appropriate

repairs and refer to a Realtor to get the house on the market.

As she completed the tasks on the timeline, we were available for questions and were able to provide THE BEST local resources to help her (especially with the 100's of German books that needed a new home).

Our Shipping Partner: Pack and Ship PLUS

One step of the process as we work with our clients is to find the precious items that they have inherited and ship those items to them.

From family photo albums to Hummel figurines to priceless paintings. We photograph, inventory and call in our partner, Pack and Ship Plus.

Noelle comes out to the property and will work with us to carefully pack every item. Then she takes the boxes back to her shop, finds the best

shipping price, insurance and time frame for delivery.

This seamless team work provides our clients with top-notch service knowing they got the best price and value.
